

Conference of Spiritual Directors, Australia

To mark CSD reaching 30 years, we are holding a National Gathering, Saturday 30 April 2016 in Melbourne

'The Unfolding of Love: Implications for Spiritual Direction in the 21st Century'

Our key speaker, **Br Tony Hempenstall cfc**, Christian Brother, Teacher, Spiritual Director and Counsellor writes: 'In this 21st Century, more than ever before, people of faith are called to a new consciousness of the Sacredness of creation, the Oneness of all Being and the divine rhythm of "Samsara" within the Great Story: Life-Death-Rebirth. This new consciousness calls spiritual directors to be aware of their own **images of Divine Presence** and how **the Christian message** may be better expressed in our world.

'During the day, we will reflect together on the effect of the **Divine Dynamics** pervading the Universe that are impacting upon the spiritual lives of people and Spiritual Direction, today and in the future. These dynamics will include whole-making, curiosity, expansion and emergence.'

Brian Gallagher msc will begin the day with a brief snapshot on CSD's 30 year history, and we'll have memorabilia boards on display.
